

2023 Regular Session

HOUSE BILL NO. 247

BY REPRESENTATIVE LANDRY

TAX/INCOME-INDIV/CREDIT: Establishes a tax credit for purchases of firearm safety devices

1 AN ACT

2 To enact R.S. 47:297.23, relative to income tax credits; to authorize an individual income  
3 tax credit for purchases of firearm safety devices; to establish the tax credit as a  
4 nonrefundable credit; to provide for the amount of the credit; to authorize carrying  
5 forward of the credit; to provide for definitions; to provide for applicability; to  
6 provide for termination; and to provide for related matters.

7 Be it enacted by the Legislature of Louisiana:

8 Section 1. R.S. 47:297.23 is hereby enacted to read as follows:

9 §297.23. Tax credit; purchases of firearm safety devices

10 A. For purposes of this Section, the following terms have the meanings  
11 ascribed to them in this Subsection:

12 (1) "Eligible transaction" means a transaction in which a taxpayer purchases  
13 one or more firearm safety devices from a dealer that is federally licensed pursuant  
14 to 18 U.S.C. 923. An eligible transaction shall not include the purchase of a firearm.

15 (2) "Firearm" shall have the meaning ascribed in R.S. 14:95.1(E).

16 (3) "Firearm safety device" means a safe, gun safe, gun case, lock box, or  
17 other device that is designed to be or can be used to store a firearm and that is  
18 designed to be unlocked only by means of a key, a combination, or other similar  
19 means.

1           B.(1) There shall be allowed a nonrefundable credit against the tax imposed  
2           by this Chapter for the purchase of one or more firearm safety devices. The amount  
3           of the credit shall be equal to the cost that a taxpayer incurs in the purchase of one  
4           or more firearm safety devices in an eligible transaction or five hundred dollars,  
5           whichever is less. A taxpayer shall be allowed only one such credit per taxable year.

6           (2) The total amount of credits that the Department of Revenue grants  
7           pursuant to the provisions of this Section shall not exceed five million dollars per  
8           calendar year.

9           (3) The granting of tax credits authorized by this Section shall be on a  
10          first-come, first-served basis. If the total amount of credits claimed in a particular  
11          calendar year exceeds the amount of tax credits authorized for that year, the  
12          Department of Revenue shall treat the excess as having been applied for on the first  
13          day of the subsequent year. The department shall treat all requests received on the  
14          same business day as received at the same time. If the aggregate amount of the  
15          requests received on a single business day exceeds the total amount of available tax  
16          credits, the department shall approve tax credits on a pro rata basis.

17          C. Each taxpayer who claims the credit authorized by this Section shall  
18          submit purchase receipts with his income tax return to verify the amount of the  
19          purchase price of all firearm safety devices purchased in an eligible transaction.

20          D. If the tax credit amount earned in accordance with this Section in a  
21          taxable year exceeds the total tax liability of a taxpayer in that year, the amount of  
22          the credit not used as an offset against the taxpayer's tax liability in the taxable year  
23          may be carried forward as a credit against subsequent income tax liabilities for a  
24          period not to exceed five taxable years.

25          E. The provisions of this Section shall terminate on December 31, 2027, and  
26          shall have no effect on and after that date.

27          Section 2. The provisions of this Act shall apply to taxable periods beginning on or  
28          after January 1, 2023.

HB 247 Original

2023 Regular Session

Landry

**Abstract:** Provides a nonrefundable income tax credit of up to \$500 for individuals who purchase firearm safety devices.

Proposed law authorizes a nonrefundable, individual income tax credit for purchases of firearm safety devices. Defines "firearm safety device" as a safe, gun safe, gun case, lock box, or other device that is designed to be or can be used to store a firearm and that is designed to be unlocked only by means of a key, a combination, or other similar means.

Proposed law provides that the amount of the credit shall be equal to the cost that a taxpayer incurs in the purchase of one or more firearm safety devices or \$500, whichever is less. Allows only one such credit per taxable year.

Proposed law caps the total amount of credits to be issued pursuant to proposed law at \$5,000,000 per calendar year.

Proposed law requires each taxpayer who claims the credit authorized by proposed law to submit receipts with their income tax return to verify the amount of the purchase price of all firearm safety devices purchased.

Proposed law establishes the tax credit as a nonrefundable credit. Provides that if the tax credit amount earned in a taxable year exceeds the total tax liability of a taxpayer in that year, the amount of the credit not used as an offset against the taxpayer's tax liability in the taxable year may be carried forward as a credit against subsequent income tax liabilities for a period not to exceed five taxable years.

Proposed law applies to taxable periods beginning on or after Jan. 1, 2023.

Proposed law terminates on Dec. 31, 2027.

(Adds R.S. 47:297.23)
