SECTION 1. Article 50E of Chapter 106 of the General Statutes reads as rewritten:

"Article 50E.

"Industrial Hemp-North Carolina Hemp Commission.

"§ 106-568.50. Legislative findings and purpose.

~~The General Assembly finds and declares that it is in the best interest of the citizens of North Carolina to promote and encourage the development of an industrial hemp industry in the State in order to expand employment, promote economic activity, and provide opportunities to small farmers for an environmentally sustainable and profitable use of crop lands that might otherwise be lost to agricultural production. The purposes of this Article are to establish an agricultural pilot program for the cultivation of industrial hemp in the State, to provide for reporting on the program by growers and processors for agricultural or other research, and to pursue any federal permits or waivers necessary to allow industrial hemp to be grown in the State.~~

The General Assembly finds and declares that hemp is a viable agriculture commodity in this State and that it is in the best interest of the citizens of North Carolina to:

- (1) Promote the cultivation and processing of hemp and open new commercial markets for farmers and businesses through the sale of hemp products.
- (2) Promote the expansion of the State's hemp industry to the maximum extent permitted by law, allowing farmers and businesses to cultivate, handle, and process hemp and sell hemp products for commercial purposes.

1 (3) Encourage and empower research into hemp growth and hemp products at

24 an additional disqualifying event independent of the one that is the basis of the disqualification
25 under appeal, the assessor shall follow the notice and appeal procedure set forth in this subsection
26 with regard to the subsequent disqualification.
